DTM IOM DISPLACEMENT TRACKING MATRIX SOUTH SUDAN
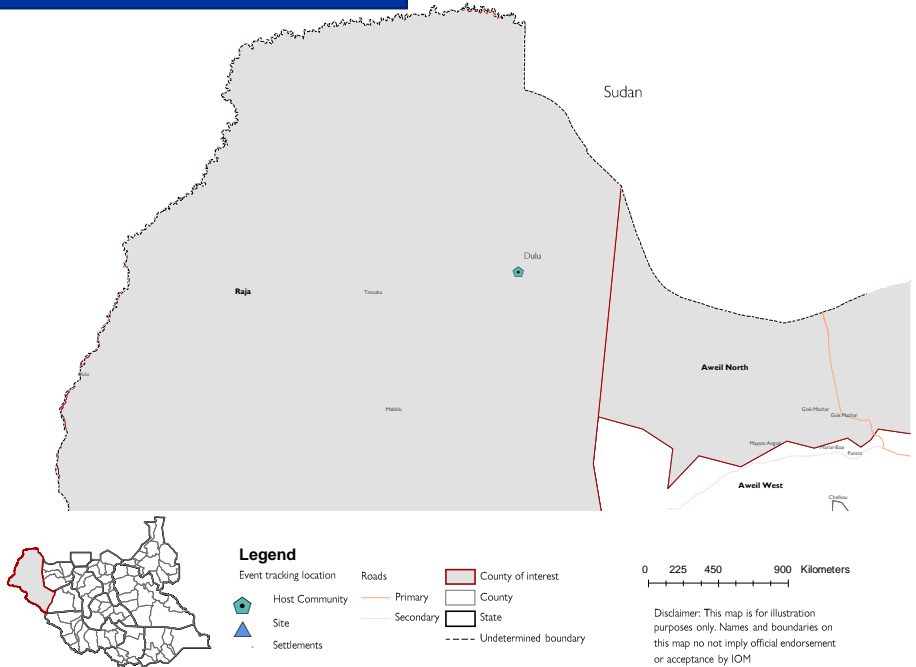

Dulu, Raja, Western Bahr el Ghazal

Data collected on   26 Feb 2019

Dulu, Raja within Raga County of Western Bahr el Ghazal has recently experienced a large influx of South Sudanese nationals coming from Darfur, Sudan who entered the area transiting through Boro Medina. Some of these are returnees having reached their habitual residence.

Others have not yet reached their final destinations because of (perceived) insecurity, remaining displaced in Dulu for the time being. Many others have stayed in Darfur due to a lack of funds. Apart from a recent distribution of buckets to 200 households, the area hasn't been visited by humanitarians on a regular basis as it remains difficult to access, especially in the rainy season.
