

COVID-19 MOVEMENT RESTRICTIONS

YEMEN MOBILITY RESTRICTION DASHBOARD #23 (07 APRIL 2021)

Reported Covid-19 Cases in Yemen

Source: National Center for Disease Control

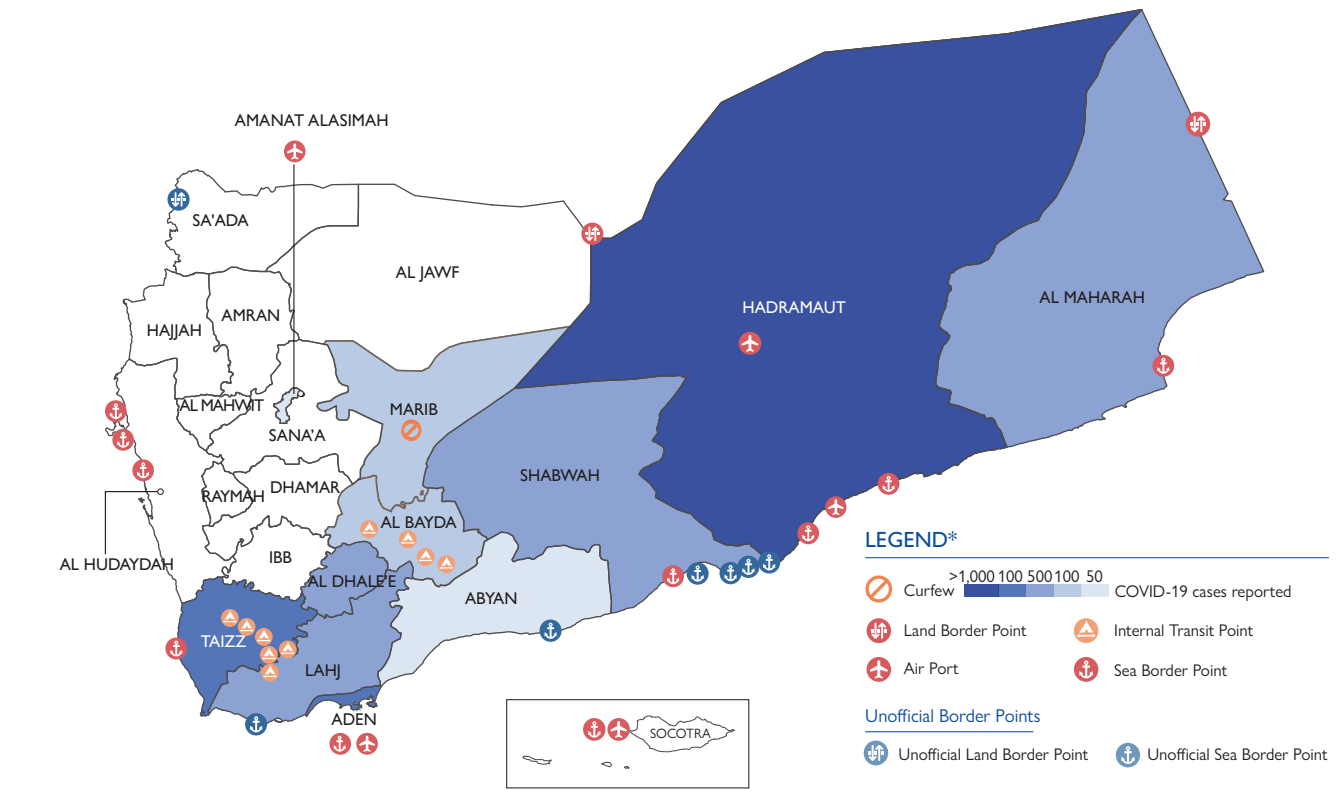

4,247 Confirmed | **1,672** Recovered | **882** Deaths

HIGHLIGHTS (From 01 to 31 Mar 2021)

- 1,981 new cases – 251 new deaths | source: : [WHO](#)
- Updates on numbers of new cases in areas controlled by Sana'a DFA are not available.
- 1,358/ Non-Yemeni migrants arrived at southern governorates (Shabwah and Lahj).
- 04 IDP Households reported COVID-19 as the reason of displacement. So far, the total number of IDPs who have cited COVID-19 as the primary reason for displacement is 1,554 households ([see RDT Dashboard for more information](#)).
- On 23 March 2021, the Supreme National Emergency Committee for Coronavirus declared a public health state of emergency as infection and death cases in the second wave of the COVID-19 pandemic surge. The committee ordered health centres and hospitals to increase preparations and provide medical staff with personal protective equipment, and called on local authorities to close wedding halls, shopping centres and mosques outside of prayer times and to implement a partial curfew.
- On 31 March 2021, Yemen received the first batch of COVID-19 vaccines, shipped through the COVAX Initiative. The first batch, comprising of 360,000 doses, is part of 1.9 million doses Yemen will receive throughout 2021.

Mobility Restrictions

In response to the COVID-19 pandemic, the local authorities of Yemen declared a nationwide health emergency and introduced many preventative measures similar to those adopted by the rest of the world starting in March 2020, in order to reduce the transmission of the virus. The Yemeni authorities had put additional preventive measures and health screenings for people passing through ten transit points used for public movement between southern and northern governorates, specifically at points located in Taizz and Al-Bayda. These restrictions have been loosened and the health screenings have been removed. For Yemeni returnees from KSA through Al Wadeah border point and from Oman through Shahin border point providing a COVID-19 PCR test report is mandatory. Fifteen sea border points and three land border points are reopened for movement.

-  The movement restrictions were lifted, and the health screenings have been removed from transit points.
-  Al Wadeah and Shahin land border points are open, allowing Yemenis holding a negative PCR test to enter KSA and Oman, respectively.
-  International Airports in Sana'a, Aden, Sayun and Al Rayan reopened for international flights.
-  Authorities in the governorate of Ma'rib imposed a curfew for the period of Ramadan from 01 a.m. until 11 a.m. in an attempt to combat the spread of COVID-19.

Governorate	Cases	Recovered	Deaths
Hadramaut	1,994	806	485
Aden	774	252	52
