The objective of the Emergency Tracking Tool (ETT) is to quickly collect information on sudden displacements of populations. Information is collected through key informant interviews and direct observation. This dashboard provides information on events which occurred from 22 to 26 May 2019, affecting 5 villages and 1 site in the Lac province. Data was collected on 27 and 28 May 2019.

**NEW DISPLACEMENTS**

- 26 May 2019

**SUMMARY OF EVENTS**

Following an armed attack on the village of Tchekarada (département of Fouli, sous-préfecture of Lisu) on 23 May 2019, 765 households of 3,200 individuals were displaced from neighbouring villages, including 287 households (1,200 individuals) who fled to the village of Kangou (located in the Lisu sous-préfecture) and 478 households (2,000 individuals) who fled to the village of Boma in the Kaiga-kindjiria sous-préfecture (département of Fouli).

Following an armed attack on the village of Gomirom Doumou, located on an island of Lake Chad (in the department of Mamdi, sous-préfecture of Bol) on 23 May 2019, 3,102 households of 14,805 individuals from several villages on the islands (including Gomirom doumou, Tidlimro, Tchalam and Ngelamou) were displaced to the mainland. Among displaced persons, 175 households (731 individuals) fled to the village of Mediboudamari, 2,500 households (10,450 individuals) to the village of Mediboudamari, 717 households (2,997 individuals) to the village of Melea and 150 households (627 individuals) to the site of Foularat. These locations are all located in the Bol sous-préfecture. Armed attacks on villages located on the islands of Lake Chad have multiplied in recent weeks, leading to significant displacement of populations to the mainland. These attacks are likely to continue, and further displacement is expected in the future.
