Points of Entry

Total movements (within, incoming and outgoing) observed

1,245

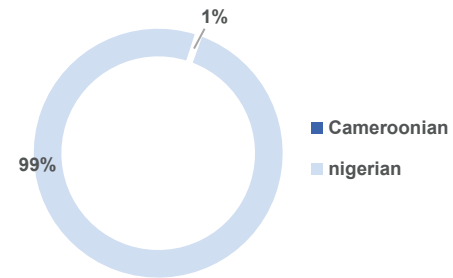

OVERVIEW

IOM DTM in collaboration with the World Health Organization (WHO) and the state Ministry of Health have been conducting monitoring of individuals moving into Nigeria's conflict-affected northeastern states of Adamawa and Borno under pillar four (Points of entry) of COVID 19 preparedness and response planning guidelines.

During the period 1 to 31 December 2020, 1,245 movements were observed at Five Points of Entries in Adamawa and Borno states. Of the total movements recorded, 729 were incoming from Extreme-Nord, 1 from Nord in Cameroon and 35 from N'Djamena in Chad republic. A total of 765 Incoming movements were observed at Five Points of Entries.

A range of data was collected during the assessment to better inform on migrants' nationalities, gender, reasons for moving, mode of transportation and timeline of movement as shown in Figures 1 to 4 below:

MAIN NATIONALITIES OBSERVED (FIG. 1)

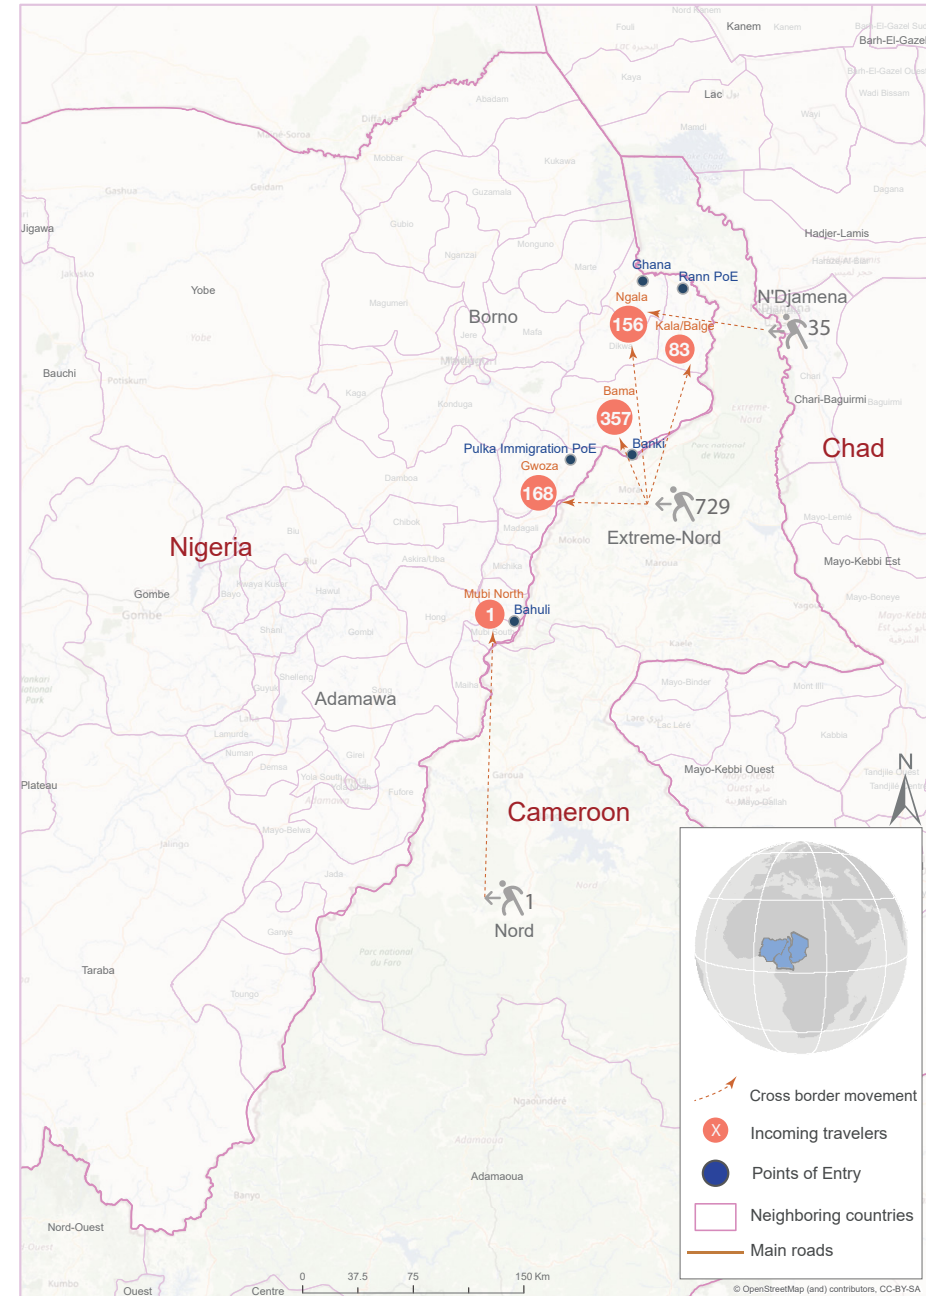

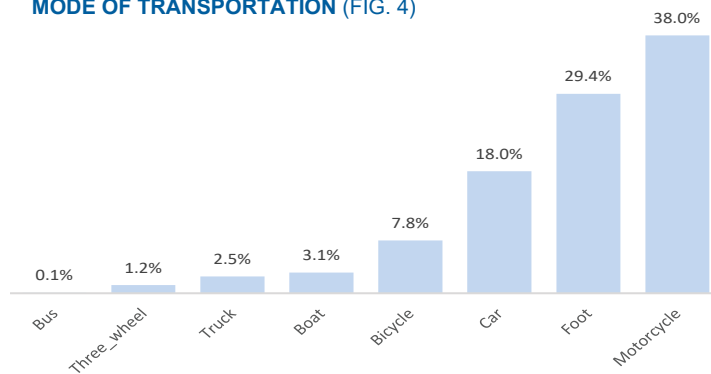

REASONS FOR MOVEMENT (FIG. 3)

Reason for Movement	Number of Individuals	In Percentage
Movement Due to Fear of COVID 19	23	1.85%
Short Term Local Movement	121	9.72%
Seasonal	239	19.20%
Economic Migration	394	31.65%
Family Visit	468	37.59%
Grand Total	1,245	100.00%

GENDER (FIG. 2)

MODE OF TRANSPORTATION (FIG. 4)

The map is for illustration purposes only. The depiction and use of boundaries, geographic names and related data shown are not warranted to be error free nor do they imply judgment on the legal status of any territory, or any endorsement or acceptance of such boundaries by IOM.

PASSENGERS HEALTH SCREENING

Through interviews with travelers by enumerators at Points of Entry, information was obtained from travelers' points of departures, intended destination, vulnerabilities, temperatures, reasons for moving and mode of transport. Additional questions concerning the COVID-19 pandemic were asked to determine if travelers exhibit any symptoms of coronavirus; if they had come in contact with anyone who exhibiting such symptoms or might have died from it.

Furthermore, the assesment was to check if travelers had taken any medications in the last 24 hours and also to know if they are aware of the authorities to call in case of emergencies. The results are shown in figures 5 to 8.

HAVE YOU SOUGHT ANY MEDICAL CARE IN ANY HEALTH FACILITY WITHIN THE LAST 14 DAYS? (FIG. 6)

TEMPERATURES TAKEN (FIG. 5)

VULNERABILITIES

13
Breastfeeding

2
Pregnant

13
Seperated child

2
Single Parents

1
Special protection needs

HAVE YOU HAD ANY OF THESE SYMPTOMS (FEVER, COUGH) IN THE LAST 14 DAYS? (FIG. 7)

100%

None

HAVE YOU COME IN CONTACT WITH ANYONE WHO IS SICK IN THE LAST 14 DAYS? (FIG. 8)

100%

None

HAVE YOU TAKEN ANY OF THE FOLLOWING MEDICATION IN THE LAST 14 DAYS? (FIG. 8)

100%

None
