During 16 - 22 March 2020, a total of 2,670 movements were recorded, composed of 2,244 arrivals and 426 departures. Arrivals were recorded at locations in Askira/Uba, Bama, Biu, Damboa, Dikwa, Gwoza, Jere, Mobbar, Monguno and Ngala Local Government Areas (LGAs) of Borno State. Arrivals were also recorded in Girei, Gombi, Hong, Maiha, Michika, Mubi North, Mubi South, Numan, Song, Yola North and Yola South LGAs of Adamawa State. Departures were recorded in Askira/Uba, Dikwa, Gwoza and Kala/Balge LGAs of Borno State. Departures were also recorded in Fufore, Hong, Madagali, Maiha, Michika, Mubi North, Mubi South, Numan and Song LGAs of Adamawa State.

ETT assessments identified the following movement triggers: military operations (31%), poor living conditions (23%), improved security (22%), voluntary relocation (17%), conflict/attack (4%) and fear of attack (3%).
An exhaustive nutrition screening using monitoring of symptoms of acute malnutrition mid upper arm circumference (MUAC) and Oedema was conducted by Nutrition Sector partners for 129 children of 6-59 months. Of the 129 children screened, the MUAC reading was: 2 children (from an accessible area) in the Red category, 6 in the Yellow category and 121 measured in the Green category. No cases of Oedema were reported in the 4 LGAs that reports were received from.

The results also include 120 children from neighbouring Cameroon, Chad and Republic of Niger. Of these arrivals, 40 children moved to Gwoza, 28 to Mobbar and 52 to Ngala; 2 of the 120 arrivals were screened into the Red category, 112 in the Green category and 6 in the Yellow category. All children found with acute malnutrition have been admitted for treatment.

Please note, the data presented are not surveillance results and should be interpreted with caution.

Table 1. Details of movements by locations of assessment and locations of arrival / departure - Only movements with at least 17 persons are listed below

The depiction and use of boundaries, geographic names, and related data shown on maps and included in this report are not warranted to be error free nor do they imply judgment on the legal status of any territory, or any endorsement or acceptance of such boundaries by IOM. MUAC data is provided by UNICEF.
