During the period of 20 - 26 April 2020, a total of 1,110 movements were recorded, composed of 732 arrivals and 378 departures. Arrivals were recorded at locations in Askira/Uba, Bama, Gwoza and Mobbar Local Government Areas (LGAs) of Borno State. Arrivals were also recorded in Demsa, Fufure, Girei, Hong, Michika, Mubi North, Mubi South, Numan, Song, Yola North and Yola South LGAs of Adamawa State.

Departures were recorded in Kala/Balge LGAs of Borno State; Fufure, Mubi South Girei, Hong, Madagali, Maiha, Michika, Mubi North, Numan, Song, Demsa, Gombi and Yola South LGAs of Adamawa State also recorded departures.

ETT assessments identified the following movement triggers: voluntary relocation (42.4%), improved security (29.4%), poor living conditions (27.1%), involuntary relocation (1.1%).

**Summary of Major Movements**

**Askira/Uba:** 293 arrivals were recorded in Askira/Uba LGA of Borno state. The arrivals include 213 from Uba and Uda/Uvu wards of Askira/Uba LGA and 4 from Biu LGA. 19 arrivals were recorded in Girei LGA, 35 from Hong LGA, 18 from Mubi South LGA and 23 from Numan LGA in Adamawa State. 80% of the movements were due to improved security and 20% were due to poor living conditions.

**Numan:** 10 arrivals and 80 departures were recorded in Demsa LGA of Adamawa State. All the movements recorded were as a result of voluntary relocation.

**Hong:** 68 arrivals and 12 departures were recorded in Hong LGA of Adamawa State. 19 of the arrivals were from Girei in Adamawa state while 39 from Hong LGA in Adamawa state and 10 from Mubi South LGA in Adamawa state. Reported departures were from Uba ward of Hong LGA in Adamawa state. 60% of the recorded movements were due to voluntary relocation and 40% improved security.

**Mubi North:** 31 arrivals and 45 departures were recorded in Mubi North LGA of Adamawa state. The arrivals include 13 from Madagali LGA, 7 from Mubi North LGA in Adamawa state and 11 from Mubi South LGA in Adamawa state. All recorded departures were from Minkisi/Wuro Ngiki ward and Michika ward of Michika LGA in Adamawa state and Yola South LGA Adamawa state. 62% of the movements were due to voluntary relocation, 18 due to poor living condition and 20% due to improved security.
An exhaustive nutrition screening using mid upper arm circumference (MUAC) and Oedema for acute malnutrition was conducted by Nutrition Sector partners for 16 children of 6-59 months. Of the 16 children screened, the MUAC reading was no child (accessible areas) in the Red category, 5 were in the Yellow category and 11 were measured in the Green category. No case of Oedema was reported in the 2 LGAs that reports were received from.

The results include no children from neighbouring countries. All children found with acute malnutrition have been admitted in the treatment programme.
