### NEED

- **First most urgent need:** Food
- **Second most urgent need:** Clothes
- **Third most urgent need:** Agricultural inputs

### SHELTER

- **Top one NFI need not accessible to IDPs:** Shoes and clothes
- **Top two NFI need not accessible to IDPs:** Cooking items (pots/pan)
- **Top three NFI need not accessible to IDPs:** Hygiene products (for personal hygiene)

### FOOD

- **Percentage of Households who had less than 3 meals per day in the past week:** 100%
- **How people get access to the market:** No access to the Market
- **Can people buy what they need at the market:** No
- **Reason why most people cannot buy what they need at the market:** Do not have enough money/Prices are too high

### EDUCATION

- **Percentage of IDP children(3 - 5 years old) attending school:** 25%
- **Percentage of IDP children(6 - 12 years old) attending school:** 75%
- **Percentage of IDP children(13 - 17 years old) attending school:** 75%

### WASH

- **Main source of drinking water:** Small water system
- **Main problem with water:** None
- **Is there separated latrines?** Yes
- **Is there separated public shower?** Yes
- **Are there hand washing stations with water and soap close to latrines/bathrooms?** Yes, but without water/soap
- **Have been conducted hygiene promotion campaigns?** Yes

### HEALTH

- **Distance from the nearest health facility:** Up to 30 minutes
- **Main reason preventing IDPs from accessing healthcare services:** Nothing is preventing people
- **Female healthcare workers available at the health facility:** Yes
- **Where do women give birth?** At health facility
- **Are most women seeing a health professional during their pregnancy?** Yes

### PROTECTION

- **Is there security provided?** Yes
- **Is there a threat of eviction?** No
- **Is there adequate lighting in the majority of communal points?** No
- **Is there a mechanism for referral for GBV survivors?** Do not know/No answer
- **Is there in the site separated Latrines for males and females?** No
- **Is there bathing facilities in the site with functioning locks on the inside of doors?** No

### RETURN

- **District of Origin of Largest Group of IDPs:** Sussundenga
- **Post of Origin of Largest Group of IDPs:** Dombe
- **What is preventing the largest IDP group from returning home?** No livelihood

- Reason why most people cannot buy what they need at the market: Do not have enough money/Prices are too high

**EDUCATION**

- Percentage of IDP children (3 - 5 years old) attending school: 0%
- Percentage of IDP children (6 - 12 years old) attending school: 100%
- Percentage of IDP children (13 - 17 years old) attending school: 100%

**WASH**

- Main source of drinking water: Open well
- Main problem with water: None
- Is there separated latrines? Yes
- Is there separated public shower? Yes
- Are there hand washing stations with water and soap close to latrines/bathrooms? No
- Have been conducted hygiene promotion campaigns? No

**HEALTH**

- Distance from the nearest health facility: Up to 30 minutes
- Main reason preventing IDPs from accessing healthcare services: There are no reachable health services
- Female healthcare workers available at the health facility: No
- Where do women give birth? At health facility
- Are most women seeing a health professional during their pregnancy? No

**PROTECTION**

- Is there security provided? Yes
- Is there a threat of eviction? No
- Is there adequate lighting in the majority of communal points? Yes
- Is there a mechanism for referral for GBV survivors? No
- Is there in the site separated Latrines for males and females? Yes
- Is there bathing facilities in the site with functioning locks on the inside of doors? No

**RETURN**

- District of Origin of Largest Group of IDPs: Cidade Da Beira
- Post of Origin of Largest Group of IDPs: Cidade Da Beira
- What is preventing the largest IDP group from returning home? House damaged/destroyed
Epc samora machel mafambisse

Survey Date: 2019-04-25
Site Location: -19.53904, 34.62788

Site ID: MOZ_S055
Site Classification: Spontaneous
Site type: School
Site Opening Date: 2019-03-03
Expected period of displacement: Between 1 and 3 months
District (site Location): Dondo
Is the site safe and secure? Yes
Administrative Post (site location): Mafambisse

SITE INFORMATION

Site Status: Open
Is there a Site Management Committee at the site? No
Is the Site Management Committee made up of community members? None
What type of organization is managing the site? None
Is there a Site Management Agency at the site? No
Is there a service provider contact list? None
Is the site easily accessible? Yes

NATIONALITY

Households: 261
Individuals: 647

NEED

First most urgent need: Shelter Kit
Second most urgent need: Hygiene Kit
Third most urgent need: Blankets/Soap

SHELTER

Top one NFI need not accessible to IDPs: Shoes and clothes
Top two NFI need not accessible to IDPs: Items for sleeping (mats, blankets,...)
Top three NFI need not accessible to IDPs: Soap/detergent for washing clothes

FOOD

Percentage of Households who had less than 3 meals per day in the past week: 0%
How people get access to the market? Walking
Can people buy what they need at the market? No
Reason why most people cannot buy what they need at the market: Do not have enough money/Prices are too high

EDUCATION

Percentage of IDP children (3 - 5 years old) attending school: 0%
Percentage of IDP children (6 - 12 years old) attending school: 0%
Percentage of IDP children (13 - 17 years old) attending school: 25%

RETURN

District of Origin of Largest Group of IDPs: Dondo
Post of Origin of Largest Group of IDPs: Mafambisse
What is preventing the largest IDP group from returning home? House damaged/destroyed

DISASTER INFORMATION

CYCLONE IDAI - MARCH 2019

The information included in this report was collected from 2019-04-24 to 2019-04-26. To access information on IDP population in displacements sites as of today, kindly consult IOM Displacement Movement Tracking – Daily Update.
**Survey Date:** 2019-04-25  
**Site ID:** MOZ_S003

### Shelter
- **Top one NFI need not accessible to IDPs:** Shoes and clothes
- **Top two NFI need not accessible to IDPs:** Items for sleeping (mats, blankets,...)
- **Top three NFI need not accessible to IDPs:** Cooking items (pots/pans)

### Food
- **Percentage of Households who had less than 3 meals per day in the past week:** 100%
- **How people get access to the market?** Walking
- **Can people buy what they need at the market?** No
- **Reason why most people cannot buy what they need at the market:** Do not have enough money/Prices are too high

### Education
- **Percentage of IDP children(3 - 5 years old) attending school:** 25%
- **Percentage of IDP children(6 - 12 years old) attending school:** 25%
- **Percentage of IDP children(13 - 17 years old) attending school:** 25%

### Wash
- **Main source of drinking water:** Open well
- **Main problem with water:** Flavour/Taste
- **Is there separated latrines?** Yes
- **Is there separated public shower?** Yes
- **Are there hand washing stations with water and soap close to latrines/bathrooms?** No
- **Have been conducted hygiene promotion campaigns?** Yes

### Health
- **Distance from the nearest health facility:** More than 30 minutes
- **Main reason preventing IDPs from accessing healthcare services:** No medicines available in healthcare center
- **Female healthcare workers available at the health facility:** Yes
- **Where do women give birth?** At health facility
- **Are most women seeing a health professional during their pregnancy?** No

### Protection
- **Is there security provided?** No
- **Is there a threat of eviction?** Yes
- **Is there adequate lighting in the majority of communal points?** No
- **Is there a mechanism for referral for GBV survivors?** Yes
- **Is there in the site separated Latrines for males and females?** Yes, A few (around 25%)
- **Is there bathing facilities in the site with functioning locks on the inside of doors?** No

### Return
- **District of Origin of Largest Group of IDPs:** Cidade Da Beira
- **Post of Origin of Largest Group of IDPs:** Cidade Da Beira
- **What is preventing the largest IDP group from returning home?** House damaged/destroyed
Displacement Tracking Matrix - International Organization for Migration - April 2019

**Survey Date:** 2019-04-25

**Site ID:** MOZ_S090

**Site Classification:** Spontaneous

**Site type:** Church

**Site Opening Date:** 2019-03-18

**Expected period of displacement:** More than 3 months

**District (site Location):** Buzi

**Administrative Post (site location):** Guara Guara

**Site Status:** Open

**Households:** 31

**Individuals:** 109

**Site Location:** -19.871389 , 34.47

---

### NEED

- First most urgent need: Shelter
- Second most urgent need: Mosquito nets
- Third most urgent need: Household items

### SHELTER

- Top one NFI need not accessible to IDPs: Shoes and clothes
- Top two NFI need not accessible to IDPs: Cooking items (pots/pans)
- Top three NFI need not accessible to IDPs: Hygiene products (for personal hygiene)

### FOOD

- Percentage of Households who had less than 3 meals per day in the past week: 0%
- How people get access to the market: Walking
- Can people buy what they need at the market? Yes
- Reason why most people cannot buy what they need at the market: N/A

### EDUCATION

- Percentage of IDP children (3-5 years old) attending school: 0%
- Percentage of IDP children (6-12 years old) attending school: 25%
- Percentage of IDP children (13-17 years old) attending school: 25%

### WASH

- Main source of drinking water: Open well
- Main problem with water: Long waiting time (queues)
- Is there separated latrines? Yes
- Is there separated public shower? Yes
- Are there hand washing stations with water and soap close to latrines/bathrooms? Yes
- Have been conducted hygiene promotion campaigns? Yes

### HEALTH

- Distance from the nearest health facility: Up to 30 minutes
- Main reason preventing IDPs from accessing healthcare services: Nothing is preventing people
- Female healthcare workers available at the health facility: Yes
- Where do women give birth? At health facility
- Are most women seeing a health professional during their pregnancy? Yes

### PROTECTION

- Is there security provided? Yes
- Is there a threat of eviction? No
- Is there adequate lighting in the majority of communal points? No
- Is there a mechanism for referral for GBV survivors? Yes
- Is there in the site separated Latrines for males and females? Yes
- Is there bathing facilities in the site with functioning locks on the inside of doors? Yes

**District of Origin of Largest Group of IDPs:** Buzi

**Post of Origin of Largest Group of IDPs:** Guara Guara

**What is preventing the largest IDP group from returning home?** House damaged/destroyed
