REASONS PREVENTING RETURN OF IDPs

House damaged/destroyed, lack of safety

---

According to IDPs, 80% of them have no income (no work) most of them worked as rubber tappers but since October 29, 2019 they were not able to work because the area was closed and from the declaration of MGB as no build zone, IDPs are not allowed to go back to their house even just get some personal things and their livestock left during mass evacuation, they need potable water, they wanted to have a livelihood activities while in the evacuation center.
