#### Health

- **Availability of healthcare services on site**: Yes
- **Number of functioning healthcare facilities**: Not applicable
- **Do people have access to healthcare services**: Facility not functioning or facility not physically accessible
- **Time to reach the nearest health facility**: More than 60 minutes
- **Why people don’t have access to healthcare**: Facility not functioning or facility not physically accessible
- **Is there functional bathing space on site?**: No
- **Is there hand washing stations with water and soap close to latrines/bathing facilities?**: None
- **How clean do you think the site is in terms of waste?**: Yes
- **Do people live in areas where open defecation is frequently visible?**: No

#### Food Security

- **Do most people have access to functioning market?**: No
- **Why people don’t have access to market?**: Market is not accessible, no money to transport
- **Have households received agriculture inputs (seeds, tools) from a distribution at this site?**: No
- **If yes, how long does it take the majority of the population to reach their farming land?**: No
- **Main source of drinking water**: Hand pumps
- **Main problem with water**: None
- **Average daily water consumption per person**: 1 L
- **Average was time for water**: > 15 min
- **Number of functional latrines at site**: 2
- **Number of functional latrines at site**: 2
- **Is there functional bathing space at site?**: No

#### Shelter

- **Is there a Site Management Committee at the site?**: Yes
- **Is there a Site Management Agency at the site?**: Yes
- **Are the majority of the population living on site?**: Yes
- **Number of Household living in permanent shelter**: 30
- **Number of Household living in emergency shelter**: 0
- **Number of Household living outdoors**: 0
- **Is there any possibility to become inaccessible in event of disaster?**: Yes
- **Is the site physically accessible?**: Yes
- **Is there a mechanism for referral for GBV survivors?**: Yes
- **Is there a support mechanism for psychosocial needs of the population?**: Yes
- **Are the majority of the population living in the site?**: Yes

#### Education

- **Is the school functional (brick walls, window, doors, writing board)?**: Yes
- **Number of school age children attending school**: 30
- **Is there access for children to a functioning school**: Yes
- **Walking time to the nearest education facility**: More than 60 minutes
- **Number of Household living in emergency shelter**: 0
- **Number of Household living in permanent shelter**: 30
- **Is there a possible mechanism that ensures safety of people at the location**: Yes
- **Is there a mechanism for referral for GBV survivor**: No
- **Is there a support mechanism for psychosocial needs of the population**: No

#### Mobility

- **Are the majority of the population living on this site?**: No
- **Number of household living in permanent shelter**: 30
- **Number of household living in emergency shelter**: 0
- **Number of household living outdoors**: 0
- **Is there a Site Management Committee at the site?**: Yes
- **Is there a Site Management Agency at the site?**: Yes
- **Are the majority of the population living on site?**: Yes
- **Number of Household living in permanent shelter**: 30

- **Is there a mechanism for referral for GBV survivors?**: Yes
- **Is there a support mechanism for psychosocial needs of the population?**: Yes
- **Are the majority of the population living in the site?**: Yes

#### Community Engagement

- **Top 1 ways population communicates with humanitarian partners**: Staff from humanitarian agencies, Community leader or group, Local government office
- **Top 1 ways humanitarian partners communicate with population**: Staff from humanitarian agencies, Community leader or group, Local government office
- **Literacy level of majority of households**: Neither read or write
- **Does majority of family members have legal documentation?**: Yes
- **Has the information included in this report been collected from 06/11/2019 to 13/11/2019**: Yes

#### Livelihood

- **Does the majority of the population on this site have access to farmland?**: Yes
- **If yes, how long does it take the majority of the population to reach their farmland?**: 1-2 hrs
- **Have households received agriculture inputs (seeds, tools) from a distribution at this site?**: Yes
- **Main reason survivors could not find help**: Unknown
- **Has cholera been reported at this site since the cyclone?**: Yes
- **Do most people have access to functioning market?**: Yes
- **Do people have access to healthcare services**: Facility not functioning or facility not physically accessible
- **Do people know where to go to seek TB treatment and care?**: Unknown
- **Do populations with HIV know where to go to seek treatment and care?**: Unknown
- **Do people know where to go to seek TB treatment and care?**: Unknown
- **Has cholera been reported at this site since the cyclone?**: Yes

- **Is there a Site Management Committee at the site?** Yes
- **Is there a Site Management Agency at the site?** No
- **Are the majority of the population living on the site?** Yes
- **Is the site physically accessible?** Yes
- **Is there any possibility to become inaccessible in event of disaster?** No
- **Is the site safe and secure?** Yes

The demographic have been obtained by using the demographic calculation method:

- **% Male**: 52%
- **% Female**: 48%

### Household Needs

- **Food**: Yes
- **Education**: Yes
- **Household items (NFIs)**: Yes

### Shelter

- **Top one NFI need not accessible to IDPs**: None
- **Top two NFI need not accessible to IDPs**: None
- **Top three NFI need not accessible to IDPs**: Items for sleeping (mats, blankets...)
- **Number of Household living outdoors**: 0
- **Number of Household living in emergency shelter**: 354
- **Number of Household living in permanent shelter**: 50

### Vulnerabilities

- **Pregnant women**: 15
- **Breastfeeding mothers**: 25
- **Mental/Physical disability**: 16
- **Chronic diseases**: 21
- **Elderly without care givers**: 25
- **Elderly head of household**: 10

### Land Tenure

- **Number of Household owning land in place of origin**: 384
- **Number of Household renting land in place of origin**: 0

### Health

- **Availability of healthcare services on site**: Yes
- **Number of functioning healthcare facilities**: 1
- **Time to reach the nearest health facility**: 3. More or less clean
- **Is there hand washing stations with water and soap close to latrines/bathing space?**: Yes
- **How clean do you think the site is in terms of waste?**: None
- **Do people live in areas where open defecation is frequently visible?**: Yes

### Mobility

- **Are the majority of the population living on this site?** Yes
- **Are there any means of transport from this site?**: None

### Education

- **Provinces of Origin**: Sofala
- **Counties of Origin**: Chibabara
- **Posts of Origin**: Guanda

### Community Engagement

- **Top 1 ways population communicates with humanitarian partners**: Religious Leader or group, Community leader or group, Local government office
- **Literacy level of majority of households**: Neither read or write
- **Does majority of family members have legal documentation?**: No

### Food Security

- **Do most people have access to functioning markets?**: Yes
- **Have households received agriculture inputs (seeds, tools) from a distribution at this site?**: Yes
- **If yes, how long does it take the majority of the population to reach their farming land?** 1 - 5
- **Does the majority of the population on this site have access to farming lands?** Yes
- **How long has it been since the last food distribution at this site?** Last two weeks
- **Is there any indication that food might be available outside this site?** No
- **Do people have access to healthcare services: Number of functioning healthcare facilities: 1**
- **Do people live in areas where open defecation is frequently visible?** Yes
- **How clean do you think the site is in terms of waste?**: 3. More or less clean
- **Is there hand washing stations with water and soap close to latrines/bathing space?**: Yes
- **How clean do you think the site is in terms of waste?**: None

- **Locality:** Estaquinha

### Demographics

- **Age Range:**
  - < 1: 2% Male, 2% Female
  - 1 - 5: 7% Male, 11% Female
  - 6 - 17: 23% Male, 25% Female
  - 18 - 30: 2% Male, 1% Female
  - 31 - 60: 54% Male, 46% Female
  - 60+: 3% Male, 1% Female

- **Population:**
  - **Households:** 446
  - **Individuals:** 2,345

### Vulnerabilities

- **Healthcare**
  - Number of functioning healthcare facilities: 4
  - Availability of healthcare services on site: Yes
  - Number of people with chronic diseases: 114
  - Number of people with HIV: 24
  - Number of breastfeeding mothers: 35
  - Number of single female head of household: 102
  - Number of single male head of household: 70
  - Number of elderly without care givers: 13%

### Land Tenure

- **Number of Household living in permanent shelter:** 446
- **Number of Household living in emergency shelter:** 0

### Need

- **First need:** Food
- **Second need:** Healthcare
- **Third need:** Education

### Shelter

- **Number of Households lacking safe shelter:** 0

### Food Security

- **Number of Household having access to market:** 1,081
- **Number of Household lacking access to market:** 437

### Education

- **Number of school age children attending school:** 54%
- **Number of school age children having access to a functioning school:** 100%
- **Number of school age children having access to a functioning school building:** 53%
- **Number of school age children having access to a functioning school latrine:** 98%

### Mobility

- **Walking time to the nearest health facility:** Between 31 and 60 minutes

### Community Engagement

- **Top 1 ways population communicates with humanitarian partners:** Religious Leader or group
- **Top 1 ways humanitarian partners communicates with population:** Community leader or group
- **Literacy level of majority of households:** Read and write moderately

### Livelihood

- **Casual labour:** Yes
- **Size of plots for agriculture:** 0
- **Number of households owning land in place of origin:** 79
- **Number of households renting land in place of origin:** 0

### Mobility

- **Walking time to the nearest education facility:** Between 31 and 60 minutes

### Protection

- **Is there a mechanism for referral for GBV survivors:** Yes
- **Are the majority of the population living on site:** Yes
- **Are the majority of the population living on this site:** Yes

#### Vulnerabilities

- **Pregnant women:** 4
- **Breastfeeding mothers:** 3
- **Mental/Physical disability:** 4
- **Chronic diseases:** 0

#### Land Tenure

- **Number of Household renting land in place of origin:** 30
- **Number of Household owning land in place of origin:** 0

#### Need

- **First need:** Food
- **Second need:** Water
- **Third need:** Shelter

#### Shelter

- **Top one NFI need not accessible to IDPs:** Closed containers to transport and/or store water
- **Top two NFI need not accessible to IDPs:** Mosquito nets
- **Top three NFI need not accessible to IDPs:** Hygiene products (for personal hygiene)

#### Food Security

- **Does majority of the population have access to functioning market?** No
- **Why people don't have access to market?** Other
- **Have people received food from a distribution at site?** No
- **When was the latest food distribution at this site?** None

#### Education

- **Majority of the school age children have access to a functioning school:** Yes
- **Is the school functional (brick walls, windows, doors, writing board)?** Yes
- **Number of school age children attending school:** 20
- **Walking time to the nearest education facility:** Less than 15 minutes

#### Mobility

- **Are the majority of the population living on this site?** No

#### Community Engagement

- **Top 1 ways population communicates with humanitarian partners:** Staff from humanitarian agencies, Community leader or group, Local government office
- **Literacy level of majority of households:** Neither read or write

#### Protection

- **Is there a Site Management Committee at the site?** Yes
- **Is there a Site Management Agency at the site?** Yes
- **Is the Site physically accessible?** Yes
- **Is there any possibility to become inaccessible in event of disaster?** No
- **Is the site safe and secure?** Yes

#### Livelihood

- **Do most people have access to functioning market?** Yes
- **Do people live in areas where open defecation is frequently visible?** No
- **Do people know where to seek for help in cases of violation?** Staff from humanitarian agencies, Community leader or group, Local government office
- **Main reasons survivors could not find help?**
  - shortage of information
  - lack of knowledge about existing services

#### Health

- **Is there a functional bathing space at site?** Yes
- **Is there a water point close to latrine or bathing space?** 2
- **Is there hand washing stations with water and soap close to latrine/bathing space?** Yes
- **How clean you think the site is in terms of space?** Unknown
- **Is medicines available for majority of the population?** Yes
- **Is there a possibility to become inaccessible in event of disaster?** Yes
- **Is there any possibility to become inaccessible in event of disaster?** Yes
- **Is there a Site Management Committee at the site?** Yes
- **Is there a Site Management Agency at the site?** Yes

- **Is the school functional (brick walls, windows, doors, writing board):** N/A
- **Is education available for majority of the population:** Yes
- **Walking time to the nearest education facility:** 31 - 60 minutes

### MOBILITY

- **Are the majority of the population living on this site?** Yes
- **Province of Origin:** Manhade
- **District of Origin:** Sussundenga
- **Post of Origin:** Domba

### VULNERABILITIES

- **Pregnant women:** 0
- **Breastfeeding mothers:** 0
- **Elderly without care givers:** 0
- **Single female head of household:** 0
- **Single female head of household:** 0
- **Single male headed of household:** 0
- **Elderly head of household:** 0

### LAND TENURE

- **Number of Household owning land in place of origin:** 0
- **Number of Household losing land in place of origin:** 87

### HEALTH

- **Do populations with HIV know where to go to seek treatment and care?** Yes
- **Do people know where to go to seek Tuberculosis treatment and care?** Yes
- **Does majority of family members have legal documentation?** No

### PROTECTION

- **Do people live in areas where open defecation is frequently visible?** No
- **Is there any possibility to become inaccessible in event of disaster?** Yes
- **Is there hand washing stations with water and soap close to latrines/bathing spaces?** Yes, but without soap

### COMMUNITY ENGAGEMENT

- **Do people have access to healthcare services:** No
- **Availability of healthcare services on site:** No
- **Number of functioning healthcare facilities:** N/A
- **Number of functioning healthcare facilities:** N/A

### LIVELIHOOD

- **Are the majority of the population living on site?** Yes
- **Number of Household affected by lack of income:** 0
- **Number of Household affected by loss of livelihood:** 0

### Top 3 ways humanitarian partners communicate with the population:

- Staff from humanitarian agencies, Community leader or group, Local government office
- Staff from humanitarian agencies, Religious Leader or group, Local government office

### Top 3 ways humanitarian partners communicate with the population:

- Staff from humanitarian agencies, Community leader or group, Local government office
- Staff from humanitarian agencies, Religious Leader or group, Local government office
### Vulnerabilities

#### First need

- **Shelter**
  - Number of household living in permanent shelter: 0
  - Number of household living in emergency shelter: 830

#### Second need

- **Healthcare**
  - Number of household receiving healthcare: 0

#### Third need

- **Household items (NFI)**
  - Number of household receiving household items (NFI): 0

### Land Tenure

- **Number of Household renting land in place of origin:** 830
- **Number of Household owning land in place of origin:** 0

### Shelters

- **Shoes and clothes**
  - Number of household receiving shoes and clothes: 194
  - Number of household receiving shoes and clothes: 830

### Food Security

- **Last food distribution at this site:** Last week
  - Availability of food at site: No
  - Availability of food at site: No

### Education

- **Number of school age children attending school:** 137
  - Number of school age children attending school: 0
  - Number of school age children attending school: 830

### Mobility

- **Distance to the nearest education facility:** Less than 15 minutes

### Community Engagement

- **Religious Leader or group, Community leader or group, Local government office**

### Protection

- **Is there a Site Management Committee at the site?** Yes

### Livelihood

- **Displacement Tracking Matrix - International Organization for Migration - November 2019**
**Resettlement Site**

**Breastfeeding mothers:**
- More than 60 minutes

**Is there security provider/mechanism that ensure safety of persons at the location?**
- Yes

**Average daily water consumption per person:**
- N/A

**Shelter**
- Yes

**Socks and clothes**
- During their pregnancy, are most women seeing a health professional?
- Male

**Soap/detergent for washing clothes**
- Is there a support mechanism for psychosocial needs of the population?
- No

**Is there a mechanism for referral for GBV survivors?**
- Yes

**Do people know where to go to seek Tuberculosis treatment and care?**
- Yes

**Is medicines available for majority of the population:**
- Yes

**Do people know where to go to seek treatment and care?**
- Yes

**Has cholera been reported at this site since the cyclone?**
- Yes

**Do populations with HIV know where to go to seek treatment and care?**
- Yes

**Is the school physically accessible?**
- Yes

**Is there any possibility to become inaccessible in event of disaster?**
- Yes

**Are the majority of the population living on this site?**
- Yes

**Are the majority of the population living on site?**
- Yes

**Is there a Site Management Agency at the site?**
- Yes

**Is there a Site Management Committee at the site?**
- Yes

**Is there a mechanism to implement mechanisms to ensure safety and security of women and children?**
- Yes

**Is there a Site Management Committee to ensure safety and security of women and children?**
- Yes

**Does the majority of the population have legal documentation?**
- Yes

**Does the women’s, men, girls and boys know where to seek for help in cases of violation?**
- Yes

**Does majority of family members have legal documentation?**
- Yes

**The information included in this report was collected from 06/11/2019 to 13/11/2019.**

**Number of Household owning land in place of origin:**
- 0

**Number of Household renting land in place of origin:**
- 0

**Are the majority of the population living on site?**

### Households

- **Total Households:** 137
- **Number of Household owning land in place of origin:** 0
- **Number of Household renting land in place of origin:** 137

### Individuals

- **Total Individuals:** 583
- **Number of Household owning land in place of origin:** 0

### Land Tenure

- **Number of Household owning land in place of origin:** 0
- **Number of Household renting land in place of origin:** 137

### Need

- **First need:** Shelter
- **Second need:** Water
- **Third need:** Healthcare

### Shelter

- **Top one NFI need not accessible to IDPs:** Food
- **Top two NFI need not accessible to IDPs:** Food
- **Top three NFI need not accessible to IDPs:** Food

### Food Security

- **Do most people have access to functioning market?** No
- **Why people don’t have access to market?** Other
- **Have people received food from a distribution at site?** Yes
- **When was the latest food distribution at this site?** Last two weeks

### Education

- **Majority of the school age children have access to a functioning school:** No
- **Is the school functional (brick walls, windows, doors, writing board):** No
- **Number of school age children attending school:** 6
- **Is the school functional (brick walls, windows, doors, writing board):** No
- **Number of school age children attending school:** 6

### Mobility

- **Are the majority of the population living on this site?** Yes
- **Province of Origin:** Manica
- **District of Origin:** Sussundenga
- **Post of Origin:** Dombe

### Community Engagement

- **Top 3 ways population communicates with humanitarian partners:** Staff from humanitarian agencies, Community leader or group, Local government office
- **Top 1 ways humanitarian partners communicates with population:** Staff from humanitarian agencies, Community leader or group, Local government office
- **Literacy level of majority of households:** Neither read or write
- **Does majority of family members have legal documentation?** No

### Vulnerabilities

- **Pregnant women:** 0
- **Breastfeeding mothers:** 0
- **Mental/Physical disability:** 15
- **Elderly without care givers:** 20
- **Elderly head of household:** 24
- **Elderly head of household:** 4
- **Mental/Physical disability:** 15
- **Elderly head of household:** 20
- **Elderly head of household:** 20

### Health

- **Availability of healthcare services:** None
- **Number of functioning healthcare facilities:** 0
- **Do people have access to healthcare services:** Other
- **Healthcare services on site:** N/A
- **Number of functioning healthcare facilities:** 0
- **Do people have access to healthcare services:** Other
- **Why people don’t have access to healthcare:** Other
- **Number of medical staff:** 0
- **Is medicine available for majority of the population:** Yes
- **Is medicine available for majority of the population:** Yes
- **When was the last case reported:** 2019-03-17

### Protection

- **Is there security provider/mechanism that ensure safety of persons at the location:** Yes
- **Is there a support mechanism for psychosocial needs of the population:** Yes
- **Has cholera been reported at this site since the cyclone:** Yes
- **Is there a support mechanism for psychosocial needs of the population:** Yes

### Livelihood

- **Does majority of the population on this site have access to farming lands:** Yes
- **Is the site physically accessible:** Yes
- **Is the site safely and secure:** Yes
- **Is there a Site Management Committee at the site:** Yes
- **Is there a Site Management Agency at the site:** Yes
