IOM manages the Displacement Tracking Matrix (DTM) in Nigeria and other countries round the world, to support humanitarian communities with data on displacement and mobility. This information management product determines the status, locations, and needs of people affected by the ongoing conflict in Northeast Nigeria. As of 6 August 2018, the DTM has identified 1,926,748 IDPs (364,635 households) across Adamawa, Bauchi, Borno, Gombe, Taraba, and Yobe States. This represents an increase of 0.4 per cent (8,240 persons) from the previous DTM Round. The assessed number of IDPs has been on the increase since January 2018, indicating that displacements and use of boundaries of people affected by the ongoing conflict in Northeast Nigeria. As of 6 August 2018, the DTM has identified 1,926,748 IDPs (364,635 households) across Adamawa, Bauchi, Borno, Gombe, Taraba, and Yobe States. This represents an increase of 0.4 per cent (8,240 persons) from the previous DTM Round.
