Weekly Update

Between 8th and 15th September, prominent displacements were seen in Taizz (128 HH), Ibb (36 HH), Abyan (31 HH) and Amanat Al Asimah (30 HH) governorates. Most displacement resulted due to increased fighting in Aden (106 HH), Al Hudaydah (47 HH) and Taizz (43 HH).

Displacement Tracking in Yemen Crises

DTM’s Rapid Displacement Tracking (RDT) tool collects and reports on numbers of households forced to flee on a daily basis, allowing for regular reporting of new displacements in terms of numbers, geography and needs. In the first eight months of 2019, conflict activities have resulted in new patterns of displacement, particularly in within Hajjah, Al Hudaydah and Taizz governorates. Most displacement resulted due to increased fighting in Aden, Al Hudaydah and Taizz governorates.
