This document represents a summary snapshot of monitoring activities conducted by IOM and border monitoring partners at the border between Haiti and the Dominican Republic. The monitoring was put in place following the movements observed at the border before and after the 17th June 2015 expiration of the registration component of the National Plan for the Regularization of Foreigners (PNRE¹ in Spanish), established in the Dominican Republic.

Monitoring of border movements began as of the first week of June 2015. Up until the 16th of June, figures are based on partial observations of border crossing points. The network’s current structure covers 100% of border crossing points as of July 2015.

**CUMULATIVE² HIGHLIGHTS³**

- **25,078 households** representing **46,638 individuals** crossed the border into Haitian territory
- **35.5%** were female while **64.5%** were male
- **751 presumed unaccompanied minors** were identified
- **1,976 households** declared having been registered in the PNRE corresponding to **4,332 individuals**
- **27,152 individuals** declared having returned spontaneously to Haiti
- **9,292 individuals** claim to have been deported
- **10,194⁴ individuals** were officially deported at the three official border crossing points of Ouanaminthe, Malpasse, and Belladères and have been voluntary registered.

---

¹ Plan Nacional de Regularización de los Extranjeros
² Individuals are registered each time they enter Haiti. The figures reflected in this report include 404 individuals who have been registered twice.
³ All figures in this SitRep reflect information gathered on a voluntary basis from returnees, and therefore may not be representative of the totality of returns.
⁴ The figures of official deportations are as of 15th August 2015
⁵ The figures used in the graph are based on data entry already completed and do not reflect the total figures observed
Sex Breakdown
Of the 46,638 individuals monitored by the border monitoring network, 35.5% were female and 64.5% were male.

Graph 3: Breakdown of returnee population by sex

Age Breakdown
The majority of the returnee population reported being between the ages of 18-59 years old, with individuals from this age group representing 66.2% of the overall returning population. A reported 32.4% are aged 0-17 years old and 1.4% falls into the elderly category.

Graph 4: Breakdown of returnees by sex and age

Types of vulnerabilities.
Among the persons crossing the border, the network encountered 751 cases of presumed unaccompanied minors. These cases were referred to the relevant government authorities (IBESR) and their partners for appropriate care and status determination.

Graph 5: Most common vulnerabilities identified

Documentation
29.6% (13,811 individuals) of the returnees interviewed reported having Haitian Documentation, while 2.6% (1,221 individuals) reported having Dominican documentation. A reported 67.8% (31,606 individuals) did not possess any type of documentation.

Graph 6: Returnee documentation status

The most common ID document presented by the returnee continues to be the Haitian Birth Certificate, corresponding to 68.8% of the individuals with documentation. The second most common document is the Haitian ID (CIN or NIF) which represents 21.9%.

Graph 7: Types of documents

Occupation
The most common occupation within the DR held by returnees is agriculture (11,560 households), followed by construction (6,236 households) and commerce (2,797 households). Other declared occupations fall within transportation, hotel, maintenance, security, students, among others.

Graph 8: Types of occupation
Entry on Haitian Territory
Of all 46,638 individuals interviewed, 27,152 individuals declared having returned spontaneously to Haiti. While 9,292 individuals claimed to have been deported into Haitian territory by various DR authorities (Immigration, CESFRONT, Military etc.), 10,194 individuals have been officially deported by the DR Immigration (DGM).

Graph 9: Total returns by Authority

Destination and Intentions
When questioned regarding their intended destination, the following three communes have been most commonly indicated by returnees:
- Cornillons/Grand Bois as indicated by 2,431 households
- Anse-à-Pitres as indicated by 1,911 households
- Fonds-Verettes as indicated by 1,337 households

Graph 10: Intended Destination

Irrespective of the type of returns, the trends observed during previous SitReps remain the same. The returnees have, most commonly, provided the following answers:
- Intention to stay with relatives.
- Intention to rent a house
- Having nowhere to go
- Intention to stay with Friends
- Intention to go to a settlement/camp

Individuals born in the Dominican Republic
Of all returnees, 3,717 households (corresponding to 14,914 individuals) have at least one member who was born in the Dominican Republic. More specifically, this corresponds to a total of 8,074 individuals born in the DR, 4,838 of which were born before January 26th, 2010 and subsequently referred to UNHCR as a potential caseload/persons of interest who may fall under UNHCR mandate.

Graph 11: Age and sex breakdown of individuals born in the DR

Family remaining in the Dominican Republic
When asked about remaining family members in the DR, 29,279 individuals (6,045 claimed deportees, 16,971 spontaneous returnees and 6,263 officially deported individuals) have indicated still having family members remaining in the DR.

Further questioning regarding the status of these remaining families has revealed that 77.2% are Haitians without visa, 12.1% are Haitians with visa and 6.1% are Dominican citizens or have a Resident status.

Graph 12: Status of returnee’s family members remaining in the DR

Registration in the PNRE
Of the 25,185 households interviewed by the network, 1,976 households (representing – 7.8% of the returnee population) declared having been registered in the Dominican PNRE. Of these 1,976 households, 85.0% returned spontaneously to Haiti, 11.2% claimed to have been deported and 3.8% have been officially deported into Haitian territory.

Graph 13: Registration in the PNRE by return status
OFFICIAL DEPORTATIONS: PROFILING

A total of **10,194 persons** have been officially deported at the official border crossing points of **Ouanaminthe**, **Malpasse** and **Belladères** and have been voluntarily registered. Most of these deportations were conducted by **DR immigration authorities (DGM)**. The majority of returnees are individuals and not households/families. Indeed, a total of **10,073 households** corresponding to **10,194 individuals** have been officially deported.

Breakdown by gender and Age

Of all the 10,194 individuals officially deported, **95.3%** were male and **4.7%** were female.

The majority of the officially deported individuals have reported being between the ages of **18-59 years**, individuals from this age group representing **93.8%** of the deported population. A reported **5.8%** are aged between **0-17 years** old and a mere **0.4%** falls into the elderly category.

The average age of officially deported individuals is **26.45 years old**.

Graph 15: Age breakdown by sex and age of officially deported individuals

Vulnerabilities Assessed among Officially Deported

Among the people officially deported, **438** were presumed **unaccompanied minors** (UAM). These presumed UAMs were referred to the relevant government authority (IBESR) and their partners for appropriated care and status determination.

Graph 16: Most common vulnerabilities assessed among official deported individuals

Deportation Procedures

Of all official deportations, **10,037** have reportedly been carried out by the **General Directory of Migration** (DGM in Spanish), **117** by the CESFRONT and **36** by the military.

Graph 17: Authority carrying out official deportations

When questioned about the location from which they were deported, the respondents have indicated the following:

- **8,953 individuals** apprehended in the street
- **606** were apprehended in their residence
- **586** were apprehended in their place of employment.

Graph 18: Location where officially deported individuals were apprehended

Family remaining in the Dominican Republic

A reported **6,150** of officially deported individuals have indicated still having **family members remaining in the DR**. They have indicated the following:

- **4,753** have close relatives remaining
- **626** have children (daughter/son) remaining in DR
- **567** have their spouse (husband/wife) still in DR

Graph 19: Returnees family status in the DR
This section presents an overview of border monitoring activities and movement trends observed during the week of November 20th to 27th 2015.

WEEKLY HIGHLIGHTS

- 2622<sup>th</sup> individuals were observed crossing the border into Haitian territory this week.
- 60 presumed unaccompanied minors were identified during this week and referred to the relevant authority for follow up; 52 of these presumed unaccompanied minors were officially deported into Haitian territory.
- 1,463 individuals declared having returned spontaneously to Haiti.
- 305 individuals claimed to have been deported into Haitian territory.
- Official deportations continue to be carried out at the official border crossing points of Ouanaminthe, Malpasse and Belladères; a reported 1,180 individuals were officially deported into Haitian territory this week of which 854 individuals accepted to be registered voluntarily by the enumerators at the various borders.

OBSERVED MOVEMENT TRENDS

- Slight decrease of movement during this week compared to the previous week.
- Overall deportations (Claimed Deportations 305; official deportations 854) are slightly lower than spontaneous returns (1,463 individuals).
- Spontaneous returns continue to be assessed in unofficial border crossing points mainly.
- 233 Individuals interviewed at non official border crossing points have claimed being deported directly into Haitian territory, while 72 persons claimed to have spent time in a detention center before being forcefully returned to Haiti.

Deportation: The act of a State in the exercise of its sovereignty in removing an alien from its territory to a certain place after refusal of admission or termination of permission to remain (Glossary on Migration, p 18, IOM)

Spontaneous (migration) return: An individual or groups who initiate and proceeds with their migration plans without any outside assistance. (Glossary on Migration, p 62, IOM)

Official Deportations: Government organized returns which are carried out at the official Border Crossing Points (Ouanaminthe – Dajabon, Belladères- Elias Piña, Malpasse-Jimani, Anse à Pitres-Pedernales) between the hours of 8:00 AM to 6:00 PM (border schedule). Before official deportations, relevant returnees receive an official notification regarding the impending deportation. Furthermore, information regarding the time and point of deportation are communicated to the Haitian authorities (Haitian Embassy/consulate). Official deportations are mostly carried out by the DR Immigration (DGM).

Other Deportations: Any forceful return which does not follow the aforementioned guidelines (also referred to as claimed deportation)

This report has been made possible through the funding support received from the Bureau of Population, Refugees and Migration (PRM) and the Office for the Coordination of Humanitarian Affairs (OCHA).

---

<sup>5</sup> The difference between the previous SITRep and the current one is higher because the data is based on date of entry into Haiti and not date of data entry into the database.

<sup>7</sup> The figures represented in this table correspond to the individuals who accepted voluntarily to be registered between the period from Thursday November 19<sup>th</sup> and Wednesday November 25<sup>th</sup> 2015.
