Overview

This document represents a summary snapshot of monitoring activities conducted by IOM and border monitoring partners at the border between Haiti and the Dominican Republic. The monitoring was put in place following the movements observed at the border before and after the 17th June 2015 expiration of the registration component of the National Plan for the Regularization of Foreigners (PNRE¹ in Spanish), established in the Dominican Republic. Monitoring of border movements began as of the first week of June 2015. Up until the 16th of June, figures are based on partial observations of border crossing points. The network was 100% operational as of July 2015.

**CUMULATIVE² HIGHLIGHTS³**

- 58,078 households representing 102,214 individuals have crossed the border into Haitian territory
- 34.9% were female while 65.1% were male
- 1,448 presumed unaccompanied minors were identified
- 4,218 households declared having been registered in the PNRE corresponding to 8,706 individuals
- 63,162 individuals declared having returned spontaneously to Haiti
- 18,296 individuals claim to have been deported
- 20,587⁴ individuals were officially deported at the three official border crossing points of Ouanaminthe, Malpasse, and Belladères and have been voluntary registered.
- On February 25th 2016, IOM Dominican Republic facilitated the Assisted Voluntary Returns and Reintegration (AVRR) of 169 individuals (73 households).

¹ Plan Nacional de Regularización de los Extranjeros
² Individuals are registered each time they enter Haiti. The figures reflected in this report include 404 individuals who have been registered twice (as of October 2015).
³ All figures in this SitRep reflect information gathered on a voluntary basis from returnees, and therefore may not be representative of the totality of returns.
⁴ The figures of official deportations are as of 15th August 2015.
⁵ The figures used in the graph are based on data entry already completed and do not reflect the total figures observed (average time for completion is 2 weeks). This graph presents movements observed solely during the year 2016.
Sex Breakdown
Of the 102,214 individuals monitored by the border monitoring network, 34.9% were female and 65.1% were male.

Age Breakdown
The majority of the returnee population reported being between the ages of 18-49 years old, with individuals from this age group representing 65.3% of the overall returning population. A reported 29.8% are aged 0-17 years old and 4.9% falls into the category 50 years and above.

Types of vulnerabilities
Among the persons crossing the border, the network encountered 1,448 cases of presumed unaccompanied minors (UAMs). After referral to the relevant government authorities (IBERS) and their partners (UNICEF), 502 of the potential caseload referred were identified as UAMs and the appropriate actions were taken to assist them:
- 331 were reunited with their parents
- 145 were reunited with other relatives
- 18 are still awaiting family reunification. (please refer to the UNICEF Flash Update on Bi-National situation - 15 December 2015)

Documentation
33.9% (34,612 individuals) of the returnees interviewed reported having Haitian Documentation, while 2.2% (2,250 individuals) reported having Dominican documentation. A reported 63.9% (65,352 individuals) did not possess any type of documentation.

Occupation
The most common occupation within the DR held by returnees is agriculture (27,278 households), followed by construction (13,723 households) and commerce (6,632 households). Other declared occupations fall within transportation, hotel, maintenance, security, students, among others.
Entry on Haitian Territory

Of all 102,214 individuals interviewed, 63,162 individuals declared having returned spontaneously to Haiti. While 18,296 individuals claimed to have been deported into Haitian territory by various DR authorities (Immigration, CESFRONT, Military etc.), 20,587 individuals have been officially deported by DR Immigration (DGM). 169 individuals were Assisted voluntary Returns (AVR) carried out by IOM (Dominican Republic).

Destination and Intentions

When questioned regarding their intended destination, the following three communes have been most commonly indicated by returnees:

- Cornillons/Grand Bois as indicated by 5,941 households
- Anse-à-Pitres as indicated by 4,078 households
- Fonds-Verettes as indicated by 3,217 households

Irrespective of the type of returns, the trends observed during previous Sitrep’s remain the same. The returnees have, most commonly, provided the following answers:

- Intention to stay with relatives (70.1%)
- Intention to rent a house (13.1%)
- Intention to stay with Friends (7.1%)
- Having nowhere to go (4.0%)
- Intention to go to into a settlement/camp (1.5%)

Individuals born in the Dominican Republic

Of all returnees, 7,254 households (corresponding to 28,625 individuals) have at least one member who was born in the DR. More specifically, this corresponds to a total of 15,577 individuals born in the DR, 9,334 of which were born before January 26th 2010. Subsequently, 1,582 individuals were verified by UNHCR as being born in the DR before January 26th 2010 and as such will fall within UNHCR's mandate. (Please refer to the UNHCR Statistical Update - dated May 6th 2016).

**Breakdown by gender and Age**

Of all the 20,587 individuals officially deported, 94.0% were male and 6.0% were female.

The majority of the officially deported individuals have reported being between the ages of 18-49 years, individuals from this age group representing 91.6% of the deported population. A reported 6.4% are aged between 0-17 years old and a mere 1.8% falls into the 50 year plus category. The average age of officially deported individuals is 26.58 years old.

**Vulnerabilities Assessed among Officially Deported**

Among the people officially deported, 870 were presumed unaccompanied minors (UAM). These presumed UAMs were referred to the relevant government authority (IBERS) and their partners for appropriated care and status determination.

**Deportation Procedures**

Of all official deportations, 20,320 have reportedly been carried out by the General Directory of Migration (DGM in Spanish), 200 by the CESFRONT and 67 by the military.

**Family remaining in the Dominican Republic**

A reported 11,840 of officially deported individuals have indicated still having family members remaining in the DR. They have indicated the following:

- 9,168 have relatives remaining
- 1,266 have children (daughter/son) remaining in DR
- 957 have their spouse (husband/wife) still in DR
WEEKLY REPORT: Border monitoring activities from 5th to 11th May 2016.

This section presents an overview of border monitoring activities and movement trends observed during the week of May 4th to May 11th, 2016.

**WEEKLY HIGHLIGHTS**

- **1,516** individuals were observed crossing the border into Haitian territory this week, which is **below average** number this week – the average number of individuals observed crossing into Haiti since July 2015 is **1,641 individuals**.

- **30 presumed unaccompanied minors (UAMs)** were identified during this week which constitutes an **above average** number for UAMs this week, the average number of presumed UAMs identified since July 2015 being **28**. These UAMs were referred to the relevant authority for follow up; **15** of these presumed unaccompanied minors were **officially deported** into Haitian territory.

- **1,138 individuals** declared having returned spontaneously to Haiti representing a **below average** number of spontaneous returnees – the average of spontaneous returnees since July 2015 being **1,237 individuals**.

- **192 individuals** claimed to have been deported into Haitian territory; this is considered an **above average** in the number of claimed deportations as the average of claimed deportees since July 2015 is **175 individuals**.

- **Official deportations** continue to be carried out at the official border crossing points of Ouanaminthe, Malpasse and Belladères; a reported **332 individuals** were officially deported into Haitian territory this week of which **186 individuals** accepted to be registered voluntarily by the enumerators at the various official BCPs. This constitutes a **below average** for this week considering that there has been an average of **515 individuals** being officially deported into Haiti since August 2015. Low figures of official deportations can be attributed to the upcoming general elections in the Dominican Republic to be held on May 15th, 2016.

**OBSERVED MOVEMENT TRENDS**

- Movements this week (1,516 returnees) compared to the previous week (1,689 returnees) shows a decrease; Overall weekly deportations (Claimed Deportations 192; official deportations 186) are lower than spontaneous returns of 1,138 individuals.

- Spontaneous returns continue to be mainly assessed in unofficial border crossing points.

- This week **148 Individuals** interviewed at unofficial border crossing points have claimed being deported directly into Haitian territory, while **44 persons** claimed to have spent time in a detention center before being forcefully returned to Haiti.

**Deportation:** The act of a State in the exercise of its sovereignty in removing an alien from its territory to a certain place after refusal of admission or termination of permission to remain (Glossary on Migration, p 18, IOM)

**Spontaneous (migration) return:** An individual or groups who initiate and proceeds with their migration plans without any outside assistance. (Glossary on Migration, p 62, IOM)

**Official Deportations:** Government organized returns which are carried out at the official Border Crossing Points between the hours of 8:00 AM to 6:00 PM (border schedule). Before official deportations, relevant returnees receive an official notification regarding the impending deportation. Furthermore, information regarding the time and point of deportation are communicated to the Haitian authorities (Haitian Embassy/consulate). Official deportations are mostly carried out by the DR Immigration (DGM).

**Other Deportations:** Any forceful return which does not follow the aforementioned guidelines.

This report has been made possible through the funding support received from the Bureau of Population, Refugees and Migration (PRM) and the Office for the Coordination of Humanitarian Affairs (OCHA).

4 The difference in figures between the current and previous SitRep is due to the fact that the data reflects the date of entry into Haiti and not the date of the data entry into the database.

7 The figures represented in this table correspond to the individuals who voluntarily accepted to be registered between the period from Thursday 5th May and Wednesday 11th May 2016.
